

# Home Visitation Resource Guide

## Southwest Denver

*Presented by*  
*The Southwest Denver Home Visitation Collaborative*  
*&*  
*LAUNCH Together*  
*September 2020*

The Mission of LAUNCH Together Southwest Denver is to build a resilient, trauma-informed community of parents, providers, and programs throughout Southwest Denver who are responsive to the social-emotional needs of young children, their families, and the champions who serve them.

## Introduction

This Home Visitation Resource Guide was developed by the Southwest (SW) Denver Home Visitation Collaborative, which was established in Year 4 of the LAUNCH Together-SW Denver initiative. LAUNCH Together was designed to improve the social and emotional outcomes for young children (prenatal through age eight) and their families in Colorado. A priority for LAUNCH Together-SW Denver has been to improve social and emotional well-being for families by supporting the providers who serve them. The SW Denver Home Visitation Collaborative is an example of this approach in action! With this Collaborative, we provide the opportunity for home visitors to connect, collaborate, and support each other to maximize family strengths and community resources. The goals of the SW Denver Home Visitation Collaborative are to:

- Create space for shared learning and reflective practice, including space for home visitors to provide and receive support from other home visitors
- Build relationships between home visitors from different organizations and programs that serve SW Denver families
- Promote coordination between programs, including cross-referral of families

This Home Visitation Resource Guide supports these goals by raising awareness of the various home visitation programs that provide services to families in SW Denver and providing information that makes it easy to coordinate and refer across programs.

The programs in this guide serve children and families prenatal to age 5 in SW Denver, and many of them serve all of Denver County. All of the programs provide services in English and Spanish except for Roots Family Center which prioritizes Spanish speaking families. Four of the programs, including Catholic Charities, Family Star, Right Start, and Denver Health Nurse Family Partnership offer services in other languages using interpretation services.

The guide was developed to be used by home visitors and other early childhood professionals who may want to refer to home visitation programs. Information is provided so that anyone wanting to refer can contact the program directly with questions about geography, eligibility, or space availability. The final page of this guide provides a brief **Program Directory for Families** that can be given to families to support a referral. We recommend that the referring agency make the initial call with the family whenever possible.

This guide will be updated annually by Denver Public Health, a LAUNCH Partner and co-facilitator of the SW Denver Home Visitation Collaborative. We are planning to make the guide available on the Denver Early Childhood Council website by the end of 2020.

We hope you find this guide valuable in your work with families!

## Table of Services Offered

## **Catholic Charities ECE Programs**

[www.ccdenver.org](http://www.ccdenver.org)

### **Information for Home Visitors:**

Best contact person: Adrienne M Adams  
Title: ECE Director of Home Based Programs  
Phone number: 720-799-9270  
Email address: aadams@ccdenvver.org

### **Information for Families:**

Best contact person: Alberto Torres  
Phone number: 720-799-9295  
Email address: atorres2@ccdenvver.org

### **Eligibility criteria:**

Our home visitation programs serve families with children age prenatal – five years. Selection criteria are used to determine priority into our program; families experiencing poverty, homelessness, and other challenges receive higher priority into our programs.

### **Family fees or insurance that may be required (if not described above):**

Our Home Based Programs are provided FREE for those who qualify. Catholic Charities ECE Programs accepts CCAP and TANF for our center-based programs and receives funding through the Office of Head Start to provide high quality ECE programming to children and families.

### **Brief Program Description:**

Catholic Charities ECE Programs include Early Head Start and Head Start programs in either center-based or home-based settings for families with children birth through 5 years of age. We also offer an Early Head Start Prenatal Program for pregnant women. We provide high quality, developmentally appropriate supports for families using the Creative Curriculum in our centers, and both Creative Curriculum and Parents As Teachers in our home-based options.

**Parent/family life skills** addressed include goal setting, financial literacy, and other topics as determined by family interest. **Other programs** at Catholic Charities (in addition to ECE) include housing, adult services, kinship program, emergency assistance, immigration support, women's shelters, family shelter services, individual shelter services, women's health.

### **Description of providers delivering services:**

Home Visitors have a minimum of a Home Visitor CDA (or equivalent) and are all bilingual in Spanish and English. Many staff members have coursework and degrees beyond the minimum requirement.

### **How should a professional from another program make a referral?**

For referrals to our ECE program, please contact Alberto Torres at atorres2@ccdenvver.org or 720-799-9295. Alberto is bilingual in Spanish and English. For information about other Catholic Charities programs (housing, homeless shelters, emergency assistance, etc.), please call our main office at 303-742-0828.

### **How should families refer themselves?**

Same as above.

## **Clayton Early Learning**

[www.claytonearlylearning.org](http://www.claytonearlylearning.org)

### **Information for Home Visitors:**

Best contact person: Melanie Collier  
Title: Mentor Coach  
Phone number: cell 720-352-4912  
Email address: mcollier@claytonearlylearning.org

### **Information for Families:**

Best contact person: Maria Del Carmen Devick  
Phone number: 303-355-4411, ext. 313  
Email address: MDevick@claytonearlylearning.org

### **Eligibility criteria:**

We provide home visitation programs to families of children age prenatal – 5 years old. Our site has income guidelines based upon 125% of Federal Poverty Guidelines. We are required to collect proof of income for the 12 months prior to application, as well as proof of address within the City & County of Denver. We are also required to obtain copies of the child's most recent well-child exam and immunizations before enrollment.

### **Family fees or insurance that may be required (if not described above):**

There are no fees for services. However, we do obtain a copy of the child's medical insurance card at the time of enrollment.

### **Brief Program Description:**

Our program combines HIPPY (Home Instruction for Parents of Preschool Youngsters) with Head Start to support families in achieving school readiness by the time the child starts kindergarten. The family is assigned a Home Visitor (Child Family Educator) that meets with the family once every week for a 1.5 hour home visit. During these home visits, the Child Family Educator (CFE) works with the parent to support them as their child's first, and most important teacher, the parent. This is done through delivery, role play, and discussion of curriculum activities from HIPPY USA and Partners for a Healthy Baby, as well as a variety of parent workshops, group meetings, and referrals. We also offer a Prenatal Program for expecting families. **Parent/family life skills** addressed include financial readiness classes, fatherhood, Building Futures, Family Leadership Committee, and Parent Ambassador Program. We also have community relationships with Wee Cycle to provide families with diapers, children's clothing, furniture, car seats, and a variety of items for their young children. We have a food pantry on campus and home visitors can deliver food to families at home visits.

### **Description of providers delivering services:**

Child Family Educators are professionally trained in early childhood education principles. They are also required, per Head Start Performance Standards, to have Bachelor's Degrees. Our Prenatal Program also provides 1 in-home registered nurse visit, as well as nutrition services.

### **How should a professional from another program make a referral?**

Please send an email to MDevick@claytonearlylearning.org, and provide family contact information and time they are available to complete the required documents.

### **How should families refer themselves?**

Families can call 303-355-4411, ext. 313 or go to [www.claytonearlylearning.org](http://www.claytonearlylearning.org) and complete an Interest Form for a return phone call for an Eligibility Appointment.

## **Denver Health Nurse-Family Partnership (“NFP”)**

<https://www.nursefamilypartnership.org>

### **Information for Home Visitors:**

Best contact person: Rosie Soto  
Title: Nurse Program Manager  
Phone number: 303-602-6788  
Email address: Rosaura.soto@dhha.org

### **Information for Families:**

Best contact: Denver Health NFP Main Office  
Phone number: 303-602-8986

### **Eligibility criteria:**

Nurse Family Partnership serves first-time, low-income mothers. We give priority to women referred during pregnancy. We are not able to accept women into the program whose baby is over one month old. The criteria for eligibility are: first-time mom (no previous live births), low income (less than 200% of the federal poverty level), and cannot have a Bachelor’s degree or higher (mothers with high school diploma, GED, and/or Associates Degree are eligible, but this is not required)

### **Family fees or insurance that may be required (if not described above):**

There are no fees for NFP services. Clients with Medicaid are automatically eligible unless they exceed the education guidelines above.

### **Brief Program Description:**

Nurse-Family Partnership (NFP) works with first-time mothers during pregnancy and up to their child’s second birthday. NFP empowers first-time moms to transform their lives and create better futures for themselves and their babies. The expectant moms benefit by getting the care and support they need to have a healthy pregnancy. After delivery, new moms develop a close relationship with a nurse who becomes a trusted resource they can rely on for advice on everything from safely caring for their child to taking steps to provide a stable, secure future for them both. Through the partnership, the nurse supports expecting and new moms to have the confidence and the tools they need to assure a healthy start for their babies and envision a life of stability and opportunities for success for both mom and child.

**Parent/family life skills:** We support clients at the level they need. For example, some clients need assistance making appointments and others want to buy a home. Other topics include financial literacy, goal setting, navigating the healthcare system, family planning, finding the right daycare/ care provider/ preschool, how to find jobs in the community, and preparing for job interviews.

### **Description of providers delivering services:**

Registered Nurses

### **How should a professional from another program make a referral?**

Email [nursefamilypartnership@dhha.org](mailto:nursefamilypartnership@dhha.org) or call Supervisors directly at 303-602-6788 or 303-602-6789

### **How should families refer themselves?**

Email [nursefamilypartnership@dhha.org](mailto:nursefamilypartnership@dhha.org) or call 303-602-8986

## **Family Star**

[familystar.net](http://familystar.net)

### **Information for Home Visitors:**

Best contact person: Keri Morgan  
Title: Family Services Manager

Phone number: 720-933-6919  
Email address: kmorgan@familystar.net

### **Information for Families:**

Best contact person: Angelica A.  
Phone number: 303-477-7827

Email: aarambula@familystar.net

### **Eligibility criteria:**

Our Home-Based Parents as Teachers program serves caregivers and children prenatally up to the age of 3 years old. Caregivers must live within Denver County or declare as homeless as well as meet income requirements. Also, families must be willing to meet virtually and/or in-person weekly with their parent educator during school hours as well as complete and submit all required paperwork before enrollment.

### **Family fees or insurance that may be required (if not described above):**

Home-based services are delivered free of charge.

### **Brief Program Description:**

Family Star operates two Montessori schools and a home-based program that serve over 300 children annually. Using a two-generation model, we support children and their parents and caregivers to enable them to fulfill their potential. Using the Parents as Teachers curriculum in our home-based program, we provide weekly home visits serving children prenatally to age three. Our Parent Educators focus on supporting parents as their child's first teacher, seeking to address risk factors that impact families and have life-long consequences. Our goal is to create a more equitable and supportive environment in which children, parents, and caregivers can thrive. Our goals:

- **Educate Children:** Provide high quality early childhood education that fosters self-reliance, respect, and language development in both English and Spanish.
- **Strengthen Families:** Sustain excellent health, nutrition, disability, and support services for families. We support parents with educational and social opportunities to become more involved in their children's education.
- **Build Community:** Create opportunities for both center and home-based parents to engage in school leadership, connect and support each other, empower themselves as their child's first teacher, and receive community resources to better themselves and their community.

**Other programs** include a food collaborative in which caregivers can get fresh produce, household items, baby formula, and diapers/underpants for their family.

### **Description of providers delivering services:**

Certified Parent Educators through weekly virtual and/or in-person visits, Nurse Consultant through prenatal visits, Mental Health & Disabilities Coordinator through mental health, disability services.

### **How should a professional from another program make a referral?**

Visit our website <http://www.familystar.net> or call 303-477-7827

### **How should families refer themselves?**

Same as above

## **Parents as Teachers at Shiloh House** (“Shiloh House”)

<https://shilohhouse.org/services/community-outreach/>

### **Information for Home Visitors and Families:**

Best contact person: Jamara Knight  
Title: Prevention Programs Supervisor  
Phone number: 303-932-9599 x805  
Email address: jknight@shilohhouse.net

### **Eligibility criteria:**

PAT at Shiloh House serves all families with children from prenatal to kindergarten entry residing in Adams, Arapahoe, Jefferson, Denver, and Douglas counties. Priority is given to low-income families and families experiencing multiple stressors. (Serves pre-natal to 5-year-olds.)

### **Family fees or insurance that may be required (if not described above):**

Services are provided at no cost to families. In some cases, Medicaid may be used.

### **Brief Program Description:**

Shiloh’s trained parent educators partner with families to promote school readiness through parent-child activities, discussing parenting strategies, and supporting family well-being. We provide 1-2 visits per month in the home or through video conferencing and monthly group activities and events. Shiloh House offers this program free of charge to families.

**Parent/family life skills** address client-centered goal setting. **Other programs** at Shiloh House include parent support groups, parenting classes, support line, outpatient therapy, residential treatment services, life skills/coaching, supervised visitation, and an independent living program.

### **Description of providers delivering services:**

Trained parent educators, many of whom have their masters degree in Social Work or Counseling, deliver the home visits. We have parent educators that are bilingual in English/Spanish and one staff fluent in ASL.

### **How should a professional from another program make a referral?**

Contact Jamara Knight, jknight@shilohhouse.net or fill out the referral form:  
<https://forms.gle/YMauGGhZccXaD8F29>

### **How should families refer themselves?**

Same as above

## **Re:Vision**

[www.revision.coop](http://www.revision.coop)

### **Information for Home Visitors:**

Best contact person: JoAnna Cintron  
Phone number: 303-601-6891  
Email address: joanna@revision.coop

### **Information for Families:**

Best contact person: Yuridia Bahena  
Email address: yuridia@revision.coop

### **Eligibility criteria:**

N/A

### **Family fees or insurance that may be required (if not described above):**

We have a sliding scale fee that depends on income.

### **Brief Program Description:**

The Re:Farm Backyard garden program was launched in 2009 after listening to residents of Westwood - mainly mothers - share concerns about their health and the health of their children. Through Re:Vision's asset-based community development approach, we quickly recognized that while the Westwood community didn't have a grocery store, it had a wealth of agricultural knowledge and a culture rich in food and relationships. Promotoras visit families in their homes and yards to support the development of backyard gardens, which helps families build skills needed to support a thriving, resilient community food system.

**Parent/family life skills** addressed include Gardening and Food Access. A **parenting priority** which is addressed by Re: Vision is healthy eating and habits.

### **Description of providers delivering services:**

Promotoras with training in backyard gardening. The Promotoras are from the communities that we serve.

### **How should a professional from another program make a referral?**

Contact JoAnna Cintron using the information above.

### **How should families refer themselves?**

For general inquiries, call 720-465-9605

## **Right Start for Infant Mental Health**

<https://mhcd.org/right-start-for-infant-mental-health/>

### **Information for Home Visitors and Families:**

Best contact person: Dr. Michelle Roy  
Phone number: 303-300-6194  
Email address: michelle.roy@mhcd.org

### **Eligibility criteria:**

Any family with a child ages birth to five who:

- Thinks your baby is unusually quiet or uninterested in you
- Is concerned about your baby's sleeping or feeding
- Thinks your baby is fussy or cries too much
- Is worried about your child's temper tantrums or aggressive behavior
- Has a young child that is often sad or keeps to him/herself
- Feels exhausted or overwhelmed by the demands of parenting
- Is having difficulty coping with scary/traumatic events

We also work with pregnant people who are nervous about parenthood or would like extra support in raising their child.

### **Family fees or insurance that may be required (if not described above):**

We accept Medicaid, CHP+, and some private insurances. We also provide services to families without insurance.

### **Brief Program Description:**

Right Start is a mental health program for pregnant women and families with children ages birth to five years. We provide help when there are concerns about a child's development or when parenting becomes difficult. Services can help parents in their relationship with their babies or young children.

Our team of psychologists and therapists work exclusively with infants, toddlers, preschoolers, and their families to offer comprehensive, trauma-informed, relationship-based services including:

- Child and family therapy (including Child-Parent Psychotherapy and Parent-Child Interaction Therapy)
- Parent-child groups
- Case management, psychiatry, or other services that may be helpful.

We are also able to provide services in the home or community when a higher level of care (such as more frequent or longer sessions) is needed, or when there are barriers preventing attendance in the office.

### **Description of providers delivering services:**

Licensed psychologists or other mental health professionals

### **How should a professional from another program make a referral?**

For more information on Right Start, please contact Dr. Michelle Roy: 303-300-6194 or [michelle.roy@mhcd.org](mailto:michelle.roy@mhcd.org)

### **How should families refer themselves?**

Families call the Access Center: 303-504-7900 (Press 4 for Child & Family Services)

## **Rocky Mountain Human Services Early Intervention Program**

<https://www.rmhumanservices.org/ei>

### **Information for Home Visitors:**

Shannon Banks, EI Engagement Specialist  
(720) 335-9587

[sbanks@rmhumanservices.org](mailto:sbanks@rmhumanservices.org)

### **Information for Families:**

Call (303) 247-8423

***Eligibility criteria:*** Our early intervention home visitation programs serve families with children birth to three years. Families with concerns are evaluated to determine if the child has a 33% delay in at least one area of development. Children are evaluated in the following five areas of development: cognitive, social-emotional, communication, adaptive, and motor. Once this is determined, then the child and family are eligible to receive early intervention services in their natural environment. Services continue until the child is three years of age or a delay is no longer present.

***Family fees or insurance that may be required (if not described above):*** There are no fees for services. However, we do obtain a copy of the child's medical insurance card at the time of enrollment. Private insurance may be utilized to pay for services if applicable.

***Brief Program Description:*** Early Intervention services utilize a family-centered approach to deliver supports/services to children and families in their natural environments. Each family is assigned a service coordinator, who is a point of contact for the family for connecting them with community resources and coordinates care for them. Early childhood providers have experience and knowledge in overall child development and utilize a Primary Service Provider model and a coaching model for the delivery of services. In the Primary Service Provider model, each provider is a part of a transdisciplinary team with other professionals who offer ideas and consultation to support children and families. In this way, families benefit from working with an entire team of therapists and professionals, with only one provider coming to the home regularly. Providers of other disciplines are also available for in-person consultations to support the primary provider when necessary. Early intervention utilizes a parent coaching model because research indicates that children learn the best through daily routines and the coaching model allows the provider to coach caregivers on what strategies can be implemented into regular, daily routines and activities.

***Description of providers delivering services*** All of our providers are professionally trained in early childhood development. Providers range from the following disciplines: Occupational Therapists, Physical Therapists, Speech-Language Pathologists, Early Childhood Special Educators, Psychologists, Nutritionists, Vision Therapists, Social Workers, and Behavior Therapists

### ***How should a professional from another program make a referral?***

Call with the family at the numbers below or use our online referral form available at

<https://www.rmhumanservices.org/ei>

### ***How should families refer themselves?***

Call (303) BIRTH23 or (303) 247-8423, email us at [Birthto5referrals@rmhumanservices.org](mailto:Birthto5referrals@rmhumanservices.org),

## **Roots Family Center**

[www.rootsfamilycenter.org](http://www.rootsfamilycenter.org)

### **Information for Home Visitors and Families:**

Best contact person: Alejandra Lopez  
Title: Program Coordinator  
Phone number: 720-216-1133 or 720-499-7743  
Email address: [alejandra@rootsfamilycenter.org](mailto:alejandra@rootsfamilycenter.org)

### **Eligibility criteria:**

Roots offers two home-based programs, Parents as Teachers for families prenatal - 3 years old and Home Instruction for Parents of Preschool Youngsters (HIPPI) for families with children 3 - 5. The programs are offered in Spanish to any family living in southwest Denver.

### **Family fees or insurance that may be required (if not described above):**

There are no fees for any of the programs. No insurance is required to participate in programs.

### **Brief Program Description:**

Roots Family Center was founded in 2016 and began offering home visitation services to Spanish speaking families with children prenatal - 5 years old living in southwest Denver. Both PAT and HIPPI are national/international, evidence-based programs. **Parent/family life skills** addressed include goal setting. **Other programs** at Roots Family Center include enhanced home visitation which is an additional focus on infant mental health, mindfulness, reflective practice, mental health consultations.

### **Description of providers delivering services:**

Home visitors are community members that come with a range of expertise. Additional and ongoing professional development is offered to all home visitors.

### **How should a professional from another program make a referral?**

Call the office and speak to any of the home visitors or program coordinator or send an email to [alejandra@rootsfamilycenter.org](mailto:alejandra@rootsfamilycenter.org) or [crystal@rootsfamilycenter.org](mailto:crystal@rootsfamilycenter.org)

### **How should families refer themselves?**

Same as above

### **Is there anything else home visitors should know about the program?**

We have a strong focus on trauma-informed practices and implement a strength-based model when working with families. We strongly believe in the parallel process and practice mindfulness, reflective practices, self-care across the entire organization from children to parents to home visitors to administration to board of directors to partners.

## **Savio House-SafeCare Colorado**

[www.saviohouse.org](http://www.saviohouse.org)

### **Information for Home Visitors and Families:**

Best contact person: Stacey Shropshire

Title: Supervisor

Phone number: 303-225-4186

Email address: [sshropshire@saviohouse.org](mailto:sshropshire@saviohouse.org)

### ***Eligibility criteria:***

The Savio House Safe Care program serves families with children age birth to five years old. Families need to meet at least 3 of the following requirements: Any prior child welfare, public assistance recipient, multiple children under 5, single parent, stepparent in the home, violence in the home, mental health issues, substance abuse, caretaker has history of abuse as a child, less than high school education, young caretaker under 20, child with special needs, housing issues.

### ***Family fees or insurance that may be required (if not described above):***

The program is free for families.

### ***Brief Program Description:***

SafeCare is a parent support program that covers 3 topic areas: Home Safety (we help identify hazards in the home and help childproof) Health (we talk about common childhood illnesses and injuries and would it be an ER visit, doctor appointment, or care at home), and we Parent-Infant/Parent-Child Interaction (we help parents develop skills to increase bonding and the positive interactions between the parents and child and skills to help decrease challenging behaviors in different daily activities). We also have a Case Manager to assist with financial health, connecting with other agencies for services, and navigating through different services.

### ***Description of providers delivering services:***

The Parent Support Providers obtain and maintain certification for the SafeCare Program. The PSP's have a Bachelor's Degree.

### ***How should a professional from another program make a referral?***

They can either call 303-225-4186, email [sshropshire@saviohouse.org](mailto:sshropshire@saviohouse.org) or go to [www.saviohouse.org](http://www.saviohouse.org) and sign up online.

### ***How should families refer themselves?***

Same as above; they can either call 303-225-4186, email [sshropshire@saviohouse.org](mailto:sshropshire@saviohouse.org) or go to [www.saviohouse.org](http://www.saviohouse.org) and sign up online.
